

Press Release Online Posting Report

Theresa Tremmel-Anderson Chosen as a Woman of the Month for April 2024 by P.O.W.E.R. (Professional Organization of Women of Excellence Recognized) - May 03, 2024, 3:00 AM EST

Below are the websites our web crawlers have found so far that have picked up your release. Although many sites are found within 24 hours after distribution, more may be added to this report within the following few days. This is a sample from the most popular sites, such as major portals, news sites, geographically and industry targeted sites and other related sites that reach millions of users.

The release is distributed both: a) globally; and b) targeted via industry and region. This report reflects only the global distribution.

Each site keeps news releases for a different number of days, so after such time, the link may no longer work.
